Dear Mr. Anthony;

I was a patient at HealthSouth February 23rd to April 27th, after a fall on the ice which required surgery on several muscles in my left leg. I just want to let you know that you have a superb facility. The entire staff, including the volunteers, is truly caring and absolutely have the patients best interests at heart.

I especially want to thank the following people;

Dr. Karl Liebe	Attending Doctor
Theresa Uhler	Case Manager
Kelly McGivern	Physical Therapist - Section 3
Robin Gornall	Occupational Therapist - Section 3
Jim Hanion	Physical Therapist - Section 5
The Nurses	Section 3

With their care and dedication to their jobs, my recovery was very successful. All of these people went over and above their jobs to see to my needs. You should consider yourself blessed to have such a wonderful staff.

Sincerely,

Sandra B. Cybulko
